

# COMMUNITY INVOLVEMENT

2023

At Woodsboro Bank, we firmly believe that the foundation for community strength and growth lies in dedication to understanding its residents. Our deep connection to Frederick County stems from being a part of it – living, working, and giving back. Over the years, the relationships we've nurtured have provided invaluable insights on how we can bring about real change and progress as a community. Our core identity is rooted in our unwavering commitment to our community. Explore our community engagement initiatives for the year 2023.

## TEAM ONEWOODSBORO

Each member of the Woodsboro Bank Team receives 24 hours of paid volunteer time annually outside of their personal organizational involvement. That's over 1,400 hours of helping our community each year!

## IT'S A TWO WAY STREET

Our colleagues are involved in a wide variety of organizations in our community. Sometimes they ask for our help, other times we ask for theirs. We work together as a team to make the biggest impact we can.

## OUR CLIENTS LEND A HAND

Our clients excel at highlighting causes and events for us. We not only prioritize their financial welfare but also extend our support to all their initiatives, especially those aimed at giving back to our community.

## OUR LATEST NUMBERS

Below is a detailed overview of our sponsorships and donations for 2023. Notably, education emerged as the primary category for support this year. We collaborated with a range of institutions including our public school system, local universities, and community education programs to enhance learning opportunities for all age groups. By joining forces, we aim to create a better tomorrow for the upcoming generation of Frederick County.

“

*We know Frederick because we are Frederick. We live here, we give here.*

”
